Speculation for the Time Being Is Largely Professional - Course of Trading Is Narrow-Violent Upturn Effected on Monday Has Natural Result in Following Depression.

New York, April 6.-What speculators stocks call "the usual Tuesday reacwas in progress to-day, and it is, ndeed, not a little remarkable that for many weeks back the market on the second day of the week has been characterized by a declining tendency.

Speculation is at the moment undoubtedly largely professional, and the market is in the main narrow, and sufficient reason obviously existed for a reaction today, whatever other forces might have Speculation is at the moment undoubt-

To-day was an important Jewish holiday, which led to a curtailment of business perhaps more especially on the Long don Stock Exchange than here, and there was a prevailing tendency to reduce commitments in the market on account of the three days' suspension of business over Easter that will take place here beginning with the coming Friday.

Profit-taking went on, therefore, almost

continuously from the outset of the stock exchange session, and the leading stocks generally showed declines at the close Wahash com... that were in some instances as great as Wiscosin Co. yesterday's advances. It was very no-ticeable, however, that on the reaction the tendency of business was to contract. No Heavy Selling Pressure.
